PRESIDENT'S COMMENTS

DISTRICT DEPARTMENT REPORTS AND INFORMATION

- (1) FINANCE-ALAN C. YOUNG, PC. PRESENTED BY MR. PETTWAY (LUSKA GERMAN HAD ANOTHER ENGAGEMENT)-** Mr. Pettway asked that we correct the word December on the agenda. He speaks on the district needing to redeem a portion of the bond and legal counsel Attorney Gavin and Luska are working to get the specific documents needed in order for the redemption to happen.

Questions:

Ms. Wheeler asked if the BOE will need attorney Gavin services every year for bonds, Mr. Pettway explains that he is the bond counsel and what if the BOE wants someone else its up to them to decide but as of right now Attorney Gavin is the bond attorney.

Ms. Roberts asked the amount of the bond. Luska answered that at least %50 will be redeemed of the \$600,000 and the remainder bond debt would be recovered via the annual millage.

Ms. Harris asked there is extra money available for us (the BOE)?

Mr. Pettway said that it's a debt service fund from taxes on the business districts in the city. and says that you can use the funds to pay off the debt service.

Ms. Harris then asked about the millage and where it would go and Mr. Pettway says that since the BOE bond debt has went down the businesses will be paying less in taxes towards the district. Therefore, the millage doesn't change but the rate business has to pay in taxes will.

BOARD OF EDUCATION AFFAIRS & COMMENTS

1. **Board Professional Development Presentations (NSBA)-** Ms. Roberts reported that, “President Cheryl Sanford and Secretary Yolanda Harrison, and I attended the 2026 National School Boards Association Annual Conference in San Antonio, Texas, from April 10–12. The conference provided valuable opportunities to participate in leadership workshops, governance discussions, networking events, and Delegate Assemblies where educational leaders from across the country collaborated on solutions impacting public education. A highlight this year was the redesigned Welcome Reception, which encouraged more meaningful engagement with conference vendors and educational resources in a relaxed networking environment.
Throughout the conference, we attended sessions aligned with our district priorities, including governance, educator support, student achievement, community engagement, and workforce readiness. Sessions addressed topics such as legal decision-making for school boards, educator burnout and mental health, strategies to support at-risk students, and the importance of empathetic leadership and communication. Presenters emphasized the value of thoughtful governance, mentorship programs, data-driven interventions, and creating supportive environments for both students and educators.
Additional workshops focused on career readiness, Career and Technical Education (CTE), and building strong partnerships between schools, businesses, and communities to prepare students for future workforce demands. Overall, the conference provided practical strategies, leadership development, and valuable resources that will continue to support informed decision-making and strengthen educational opportunities for our students and community.” Ms. Sanford shared pictures of nooks that are suggested for students with special needs when they need a quiet place to decompress. Ms. Sanford would like to recommend the centers to Barber. She also mentions that there were several vendors there for security and one was exit signs that speak and provide direction in the event of a crisis. She also mentioned a metal detector that detects weapons and would like to bring it up to the board.

Ms. Wheeler asked several questions regarding the conference.

Ms. Walker asked about the career exploration and what grade level was it for. Ms. Sanford replied it was 7th

grade and is being done in Oakland County.

Mr. Pettway mentioned that the cameras and fobs have been installed at Barber and now the metal detectors can also be installed.

MOTION CARRIED UNANIMOUSLY 7-0

Board Affairs and Comments:

Ms. Harrison asked about the lawsuit referenced in the board packet and what impact it could have on the district.

Mr. Pettway explained that litigation is harmful to the district and negatively impacts the district's insurance coverage. He stated that due to the district's loss history, the district has already been required to make additional payments and was previously dropped by its former insurance carrier. He further explained that the current insurance provider could also choose to discontinue coverage, which would likely result in increased premiums and significant financial impacts on the district, the board, and the overall budget.

Ms. Harrison asked whether, after the lawsuit is resolved, the district could potentially become uninsurable. Mr. Pettway responded that if the district were unable to obtain insurance coverage, the state could intervene and potentially close the

district. He explained that the state ultimately has authority over whether the district continues to operate. Ms. Harrison then asked Mr. Pettway to define a censure and confirm whether the lawsuit had been filed by a fellow board member. Mr. Pettway stated that the lawsuit is public information and confirmed that the litigation was filed by a current board member. He then explained the meaning of a censure.

Ms. Harris commented that anyone has the legal right to file a lawsuit.

Ms. Sanford asked that the board avoid discussing the specific details of the lawsuit. She also stated that all board members, with the exception of Ms. Harris, signed the Code of Conduct and emphasized that the Board of Education is responsible for holding members accountable.

Ms. White stated that she did not want to file the lawsuit and explained that she believed the Board failed to follow the bylaws after the first censure, leaving her feeling that she was denied due process. She also mentioned that the week was recognized as Michigan Week and that she would be working and representing Highland Park. Mr. Pettway clarified that the school was participating, but not the district.

Ms. White asked whether the new laptops had been ordered, and Mr. Pettway responded that they had.

Ms. Wheeler noted that the election will take place in November.

Ms. Roberts expressed disappointment that the district is facing another lawsuit and described the matter as frivolous. She also referenced board policies during her remarks.

Ms. Harrison commented that, because it is an election year and the district is currently involved in litigation, she wanted to bring awareness of the matter to the public.

Ms. White disagreed with Ms. Harrison's comments and chose to leave the meeting.

Ms. Roberts read a quote and expressed that the board must continue to do what is right for the children.

Mr. Pettway then apologized to the board and stated that the level of disrespect and lack of consideration had become problematic and needed to stop. He explained that he has attempted to remain neutral in his role as CEO, but that the level of disrespect had become intolerable.

Ms. Walker stated that she believes there are individuals on the board whose actions are intended to sabotage the district.
